

## KINGS BOUNTY EQUINE PRACTICE

### Summer Newsletter 2015

#### Latest News

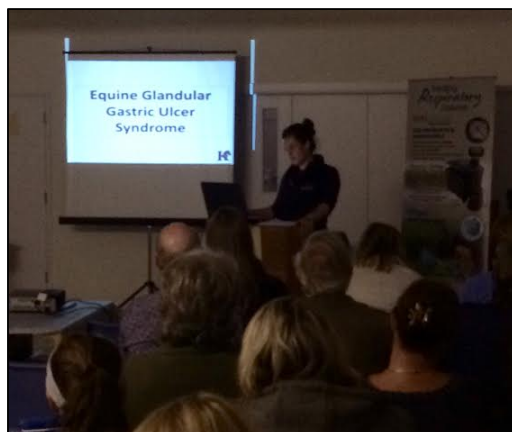

##### **A Great Success!**

Thank you to everyone that came to our summer client lecture evening on Monday 1<sup>st</sup> June. The evening was a great success with an excellent turnout, and comprised of two lectures discussing the following topics: 'Equine Gastric Ulcer Syndrome' and 'The Coughing Horse'. We hope you all had a good evening, both informatively and socially...and enjoyed the cakes!

We are looking to run a winter series of lectures later on this year once the nights draw shorter, so please feel free to email the office at

[admin@kingsbountyequine.co.uk](mailto:admin@kingsbountyequine.co.uk) to suggest any lecture topics you would like discussed.

##### **The BEVA List Of Practices Experienced In Artificial Insemination**

We are pleased to announce that Kings Bounty Equine Practice is now on the BEVA list of practices experience in Artificial Insemination (AI) for *fresh and chilled* semen. As a practice, we are experienced in and undertake regular training in AI, provided by BEVA. Being on this list recognises that we have good professional standards and the vets performing AI are appropriately qualified and experienced.

##### **Well Done Steffi and Charlie!**

Our very own Steffi is doing tremendously well at the moment with her fabulous all rounder horse, Charlie! The winter season was spent hunting, team chasing and also competing in the BD Regional Championships at Novice level, where they were placed in the top 20.

The summer has been spent focussing mainly on British Eventing at Novice Level but she has also been flying in Dressage on it's own. Visit our website: [www.kingsbountyequine.co.uk](http://www.kingsbountyequine.co.uk) to find out more about Steffi's successes with Charlie and what is in store for them over the next few months!

### Free Cushing's Tests

Boehringer Ingelheim are running **FREE ACTH Laboratory Fees** for the diagnosis of Cushing's disease from the 1<sup>st</sup> June – 31<sup>st</sup> October 31<sup>st</sup> 2015. This is only available for horses/ponies that have NOT been tested/ diagnosed or treated for Cushing's before. Please go to <http://www.talkaboutlaminitis.co.uk> to find out more information and to download a voucher. If you suspect your horse/pony to have Cushing's and would like them tested then please contact the practice to arrange an appointment.

### Faecal Worm Egg Counts – Now Performed In-House

We are now doing faecal worm egg counts in house. Please see our website: [www.kingsbountyequine.co.uk](http://www.kingsbountyequine.co.uk) for more information on the pricing structure, guidance on how to submit samples and to download a sample submission form.

### Coming Up

Janette, Sara and Steffi have decided to don their running shoes and take part in the Oxfordshire Half Marathon on 11<sup>th</sup> October 2015 as the 'Kings Bounty Belles'. Charities are still in discussion but please watch this space, as the final charities will be decided soon to enable a 'Just Giving' page to be set up.

Don't forget to visit our website at [www.kingsbountyequine.co.uk](http://www.kingsbountyequine.co.uk) to find out all the information you need to know about the practice, including the services we have to offer, informative client downloads on various equine conditions and all our latest news.
